If a player is not able to play a match due to injury he will forfeit the match but he can participate in his subsequent matches of the contest. If a player is not able to play (due to injury or disqualification (see 4.2.3.3 and 4.2.3.4)) the team may continue the competition with two players. **If the NOC has planned a P accreditation in case of injury or sickness of one player, this player can be replaced and the team may continue the next match with 3 players. P accreditation does NOT apply for replacing disqualified players.**
- 1.3.4 Each contest consists of the best three out of five matches. Each match shall be the best of five games.
- 1.3.5 A contest consists of two singles matches followed by a doubles match, followed, if necessary, by one or two singles matches, until a team wins three matches.

The third player will play in the doubles match (match number 3) with either of the two players who played the first two matches, selected by the team manager (coach or captain) after the second singles match is completed. The remaining matches (if necessary) will be set in a way to ensure that each player plays a maximum of two matches according to the following system:

2	Singles	B	Y
Captain chooses DBL pair. 5 minutes break			
3	Doubles	C + A or B	Z + X or Y
5 minutes break

1.3.7 The team competition will consist of two stages: First stage (round robin system) and Final stage (knock-out system).

1.3.7.1 First stage (round robin system). The teams will be divided into four groups of four teams. All teams of the group shall compete against each other and shall gain 2 team points for a win, 1 for a loss in a played match and 0 for a loss in an unplayed or unfinished match. The teams will be ranked according to the number of points gained. If two or more teams are tied with the same number of the points, the ties will be decided according to the ITTF rules.

1.3.7.2 The order of contests in each group at the first stage (round robin system) will be as follows:
